Dear Paul,

We are very pleased with our Canon Copier. We have had this copier for nearly 3 years now and Ray Morgan Company has provided us with excellent service. The copier has been great. We use this machine for all our copying, faxing and scanning; it gets a lot of use and has required minimal maintenance. The few times I have had to call, the service department is always prompt and professional.

I would recommend Ray Morgan Company and Canon Products to anyone.

We appreciate the quality service we always receive from Paul and everyone at Ray Morgan Company.

Sincerely,

Andrea Fox
