

PASCO®

June 25, 2004

To Whom It May Concern:

It is my pleasure to recommend Ray Morgan Company to any company looking for a superior product, timely technical support, and excellent customer service. I spent considerable amount of time comparing products and service in our search for the appropriate printers/copiers for our company. Good service is a quality that is sometimes sacrificed in our busy world, we are so glad to know that Ray Morgan Company has not forgotten that.

Thank you for your efforts in meeting our needs in both service and cost savings for PASCO scientific. We look forward to our continued working relationship with Ray Morgan Company.

Sincerely,

Cynthia McShea
