Dear Paul,

This letter is being written to express appreciation and satisfaction with the service given by Ray Morgan Company over the past several years.

It began with your efforts in seeing to it that our copier needs were met with the best possible machines at the most affordable cost. The machines have been very dependable as well as the follow-up service by the Ray Morgan technicians, regardless of the distance they have to travel. Ray Morgan is a very reliable firm and I have no problems with you recommending me as a reference.

Thank you for your efforts in meeting our needs.

Sincerely,

Mary E. Hall
