climate where

productive and
profitable*

Dear Mr. Gorton:

The following is the text of a letter sent to all those who sent proposals for our copier. I thought you might like a copy.

The Yuba-Sutter Chamber of Commerce wishes to thank all of its members who responded to our request for proposals for a copier. While it was a somewhat time-consuming task on our end to do the best "shopping" we could for the Chamber, we realize you spent considerable time and resource on us, as well. Thank you for both your time and your patience with our endless questioning.

In the end, we awarded the contract to the Ray Morgan Company. All proposals were very competitive, and all members submitted proposals on machines with very similar features. It was a difficult decision to make. Lease price on a dependable machine, per copy price, and good past experience with service timeliness were the major factors, finally.

We thank you all for your membership in the Chamber of Commerce.

Sincerely,

Laura Nicholson
